PARTNERSHIP TESTIMONIAL

KEPAK CONSUMER FOODS

Kepak Kirkham is proud to work alongside AFC Fylde Community Foundation. A partnership that we have seen provide valuable results from within our business.

We have worked with the Foundation to organise family fun days and Christmas Present Appeals and have witnessed the positive impact that has had on our work force, resulting in wider team engagement and opportunities for networking.

By working with the Foundation, we have had the opportunity to give back to, and support the community, showing we are an active and engaged company, whilst strengthening our corporate image within Fylde.

This has in turn been rewarding for us as a business and to our employees that have participated in the events we have hosted. We also know the partnership has helped to drive positive awareness of the company within the area, and hopefully encourages any prospective job seekers to consider a career at Kepak.

Our partnership with AFC Fylde underpins our commitment to support the local community in which we operate, and our collaboration with them is making a real difference to the lives of local people and our employees alike.

James Grimston – Site Director, Kepak Kirkham
